

ABOUT THE OPPORTUNITY

Member Committee Chairs champion activities that strengthen connection, professional development, and member value.

ABOUT YOU

- College member
- 5 years+ paramedicine practice experience
- Committed to respecting and representing diverse perspectives
- Responsible to deliver required outcomes

You will:

- lead and coordinate Member Committee meetings
- represent the voice and needs of members within your jurisdiction
- work collaboratively with the College team to support member services, professional development opportunities, and targeted member activities
- prepare and submit progress updates to the College Board on your activities and achievements.

COLLEGE EOI

POWERING YOUR PROFESSIONAL JOURNEY

COMMITTEE CHAIR MEMBER COMMITTEES

Member Committees are a vital bridge between the College and our members, providing representation and the delivery of high-quality professional learning.

Do you have a strong interest in leadership, collaboration, and member engagement?

Are you passionate about high-quality development opportunities that drive improvements in patient care?

“It's been an incredibly rewarding journey. I've had the privilege of organising, hosting, and supporting so many impactful events and initiatives.

“I've grown immensely through the experience, and it's been a pleasure to work alongside such passionate and driven people.

“I'm proud to have delivered events that brought real energy, interest, and visibility to the College here.

Build your skills and career with the College

Leadership growth

Build confidence leading meetings, guiding discussions and shaping direction

Professional visibility

Strengthen your profile within the College and broader paramedicine profession

Networking opportunity

Connect with peers, leaders, and key stakeholders across jurisdictions, and F2F @ ACPIIC

Practical experience

Develop practical, transferrable skills in reporting, planning, and strategic contribution

Meaningful impact

Influence member engagement and help shape the future of paramedicine in your jurisdiction

We're with you. All the way.

This role is suitable for experienced paramedics.
